

This is the policy of DEEP STEEP (“the Company”) with regards to the showcasing, selling, and quoting of prices for the Company’s products (the “Products”) via physical retail stores and the Internet. The purpose of this policy is to ensure fair and equitable treatment for all of the Company’s retailers (herein “Retailers”) marketing through this format.

1. The Company recognizes that the Internet and its role in commerce continually evolves, providing great opportunities for the Company and its authorized dealers to expand brand and product awareness. In furtherance of our commitment to our Retailers and the public, we have prepared the following Minimum Advertising and Pricing (MAP) and Internet Policy to outline the criteria for use of our Products:
2. The Company owns all Intellectual Property related to the Products. “Intellectual Property” means: (a) trademarks, trade dress, designs, copyrights and any other rights to any form or medium of expression; (b) trade secrets, privacy rights, and any other protection for confidential information or ideas; (c) all designs, forms, patents and patent applications; (d) any items, information or theories which are protectable or able to be registered under any copyright, patent, trade secret, confidentiality or other similar laws; (e) trademarks and trade names; and (f) any other similar rights or interests recognized by applicable law, associated with or of the Products. You acknowledge and agree that the Company owns and shall retain all ownership in the Intellectual Property. DEEP STEEP reserves the right to approve or require modification of any representations of its Intellectual Property that, in DEEP STEEP’s sole judgement, fails to meet presentation standards in all advertising, promotional material and web content. Failure to remedy violations within 5 days of written notice for violations of these presentation standards will be grounds for terminating your right to sell DEEP STEEP Products until such violations are remedied.
3. Authorized Retailers who offer the Products for sale via physical stores or through the Internet agree not to advertise below Company’s Minimum Advertised Prices. The Minimum Advertised Prices are published by the Company for the Products, and updated periodically. Dealers will be required to update their advertised prices accordingly and promptly within a commercially reasonable period of time. The current Minimum Advertised Price for any Product as listed in Attachment A: Deep Steep MAP Pricing list. Internet retailers are required to post prices on their website. “Call or Click for Price” posting on any website is unacceptable. Company reserves the right to monitor posted prices on the Retailer’s website(s) or other forms of advertising.
  - For the purpose of this policy, “advertised price” shall mean the dealer’s total Internet selling price, the value of any associated premium, pre-paid shipping charges, rebate, discount, gift, and/or promotional item given away with the sale of the Products. The total advertised price, minus the value of additional incentives may not be less than the total of the stated Minimum Advertised Price.
  - Each Retailer is responsible for and liable for any business conducted on its website(s) or otherwise, including, but not limited to, security, privacy, and inappropriate materials.
  - This advertising policy covers advertising and related materials that are posted anywhere on an Internet website, including order entry/purchase order form, direct email advertising and also advertising and related materials that are accessible through the website by means of a hyperlink.
  - Violation of the “Minimum Advertised Price” policy will result in a suspension of orders and shipments of the Company’s Products until the violation is corrected. Repeat violations may result in the termination of shipments of the Company’s Products.
4. Authorized Retailers who offer the Products for sale via the Internet agree to ship all Products on their own accounts with transportation delivery service providers. The Retailer must ship all items using their own accounts with the transportation delivery services such that all billing for freight is sent and charged directly to the Retailer. The Company will not prepay and add freight charges to an invoice for any items sold via the Internet. The Retailer is solely responsible for handling all freight claims.

5. *The Company always reserves the right to withdraw website(s) approval at any time for any reason or no reason at its sole discretion. Upon notice of approval revocation, you must immediately remove all Intellectual Property from the website(s).*
  
6. *The Company reserves the right to choose those retail accounts with which to do business and the right to accept or reject any purchase order from any account at any time. Any violation of this Internet Policy or any other Company Policy may result in the Company's refusal to accept any purchase order from a distributor or retail account in the future at its sole discretion at any time.*
